Dedication

Within every organization there are certain individuals who prove themselves to be endowed with extensive abilities and who always stand out in the group.

With great pride we dedicate the 1967 Elbala to Mr. Ray Flowers, who has proved during his six years of untiring efforts with us his endeavors toward helping the mental, physical, and emotional growth of the students of Elba High School.

Elmer Taylor

Superintendent

The times are too serious and education too expensive for the Elba City School to dissipate its resources on lesser goals than academic and intellectual accomplishment. Through united efforts of faculty, staff, and students, personal pleasures have been surrendered for the tedious and demanding work that is necessary for competition in our day. Much has been achieved in new facilities, employment of a competent and committed faculty, and team efforts of students in studying, planning, and working to build a great school system. For the splendid cooperation of all, we are grateful.
